Docket No. 98N-1265
Food and Drug Administration -6 110 132

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: As a woman, I feel I should have
the right to choose which type of
medication I put into my body. I want
the natural substances & not synthetic
which could cause breast cancer.

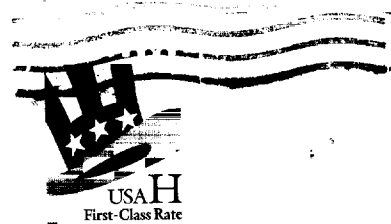

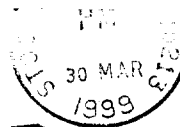

I cannot get the natural hormones I
take at my hometown pharmacy, so I need
to be able to order from a specialty pharmacy.
We need these types of places available
to us & they should not be closed.
The government should not decide what
I want.
